

Mark Stansfeld

As co-founder and former chairman of Giffgaff, Mark has 30 years' experience in the telecommunications sector.

Mark has a background in board advisory roles with a number of mobile network operators and spent nearly a decade as Commercial Director at O2 UK.

He chairs both the Worcestershire Local Enterprise Partnership and Worcestershire 5G – the testbed focussing on advanced manufacturing output and new applications and business models within the Industry 4.0 sector.

Mark also holds a strategic role as an advisory board member of Department for Digital, Culture, Media and Sport (DCMS) funded innovation network UK5G.
